BREAKTHROUGHS IN QUANTUM NUTRITION

**New Frontier in Nutritional Healing
Vibrationally Infused Remedies**

Wednesday, May 13, 2020

How does the Universe work?

Everything in the universe works on frequencies

Food, vitamins, herbs, minerals, and homeopathic remedies all are matrices that carry frequencies.

A homeopathic remedy that has a dilution of 5x or more has no trace of the original substance. The frequencies in the homeopathic remedy resets the frequency of the cell back to normal. At that point, the “disease process disappears.

QUANTUM NUTRITION

Vibrationally infused remedies represents a new breed of delivery system that has evolved from decades of research and intelligent evolution.

The key to making a successful vibrationally infused remedy is the ability to capture the original frequency of a high quality natural substance and then imprint it into an organic carrier. This process can only be accomplished with scalar energy.

QUANTUM NUTRITION

The other component of a successful vibrationally infused remedy is the energetic compatibility of combination of the original frequencies of the various substances. The equation is completed by energetically testing the compatibility of all the substances together. They must all work in harmony to effect a maximum response.

FOUR KEY COMPONENTS TO MAKING A SUCCESSFUL VIBRATIONALLY INFUSED REMEDY

- Very high grade of vitamin, herb, essential oil, etc.
- Must test the energetic compatibility of all items.
- Must use an organic carrier to insure cell membrane permeability and repair.
- Must have a device that can produce scalar energy to capture the original frequencies, store them in a data base, and imprint them into the carrier.

Vanish

This remedy was designed for coughs, colds, and flu; it also boosts the immune system. It has a proprietary frequency that will activate the macrophage system to engulf viruses, bacteria, fungi, mold, and any foreign matter in the blood stream. Vanish comes in a convenient two ounce spray bottle.

Price: \$9.95

Because Vanish is so powerful, it can cause detox reactions: rash, headaches, diarrhea, achy joints, fatigue, mental fog, nausea, and flu like symptoms of not feeling well. These symptoms result from the dumping of poisons out of organs and tissues.

Vanish

Vanish represents the first remedy that I made. The clinically proven formula includes known immune boosters such as, 1,3 – 1,6 beta glucans, thymus (extract), food based vitamins A, C, E, vegetable based essential fatty acids, L-lysine, calcium lactate (non-dairy), zinc, and a proprietary blend of vibrationally charged immune boosters that activate the body's own defenses to engage pathogens (viruses, bacteria, mold, fungus, etc.). Dosage: Four sprays orally taken three times a day away from foods allows the vibrationally infused liquid to be quickly absorbed into your bloodstream.

Testimonial

Rich says ...

"I was suffering from a cold and experiencing a sore throat, sneezing, achy joints, and runny nose. A neighbor introduced me to Vanish. I did four sprays several times during the day and to my amazement the next day my symptoms were gone. I thought I was imagining things but it really worked."

—Rich S.

Testimonial

Joseph says ...

"Last New Years after partying to the wee hours and sleeping in a cold apartment, I awoke feeling like I was coming down with the flu. A friend of mine gave me Vanish. I did four sprays in my mouth several times during the morning. By lunch time, I felt normal with no feeling of a flu coming on. I was a happy camper. This product is amazing."

—Joseph S.

Testimonial

Harry says ...

"My neighbor recommended that my daughter use Vanish to thwart her cold. I ordered a bottle and soon as it arrived my daughter took the prescribed dosage. Within hours my daughter started feeling better. By the next day her symptoms were gone. I never new such products existed."

—Harry B.

Zinc Plus

This remedy was specifically designed to boost the immune system. It has the frequency of zinc orotate, which has the ability to destroy viruses especially COVID-19.

Price: \$24.95

Zinc Plus comes in a two ounce dropper bottle for direct application into the mouth.

Zinc Plus

Ingredients: All ingredients are vibrationally infused – Zinc orotate, magnesium orotate, resveratrol, quercetin, glutathione, liver chi, immutol, indiumease, CBD, frequency of highly oxygenated water, vit. D3, curcumin, ashwagandha, AMLA-C, adrenal complex, and adaptopath.

Dosage: Ten drops directly in the mouth twice a day – upon arising and before bedtime.

Testimonial

Nikki says ...

"My cat had a runny left eye problem. Since it was only one eye, it was my opinion it was a virus, which cats are prone to get. I placed the drops into Nikki's organic dried food and in several weeks the runny eye disappeared."

CBD Plus

Our vibrationally infused CBD Plus starts with an original hemp sample that had the highest level of CBD of any farm in the US. Our original sample was organically farmed, non-GMO, with no psychoactive THC, rich in cannabinoids and terpenes for enhanced effect. Our proprietary formula complements the CBD frequency with additional frequencies of two other CBD products. The products goal is to enhance the immune system and reestablish the body back to factory default. Our carrier is made up of certified organic, cold pressed sunflower oil, pumpkin seed oil, extra virgin coconut oil, and caprylic acid derived from coconut to further enhance absorption and improve brain function. Frequencies have the added advantage of penetrating cell membranes faster than any other form of CBD oil on the market.

CBD Plus

Dosage: 10 drops directly into the mouth three times a day: upon waking, mid-day and at bedtime.

Price: \$95.00

CBD Plus is vibrationally infused with three different CBD products all of extremely high purity.

Kim says...

“I tried the CBD Plus Balance. I have chronic post surgical pain from a cervical fusion operation, anxiety, and insomnia. The drops eased the pain a little and I found it greatly helped with my anxiety and insomnia.

Carol had cancer in her right lung, which the oncologic surgeon removed the cancerous portion. The surgical scar became extremely painful from entrapment of the sympathetic nerve fibers during the healing process. Nothing worked to reduce the pain except when I used the CBD Plus oil. In one week my pain was dramatically reduced.

Tesla Energy Card™

The Tesla Energy Card™ is an innovative delivery system that has been preprogrammed with specific energy patterns to help re-establish homeostasis. The card can be used repeatedly to imprint water bottles, food, and can be worn with the magnetic strip facing your body 24/7.

www.teslaenergy-tec.com

The patient was instructed to place a bottle of spring water that she normally drinks on top of the Tesla Energy Card™ and let it sit for five minutes before drinking. The magnetic strip on the Tesla Energy Card™ emits a proprietary blend of energies, which are imprinted into the water. Water acts like a crystal and can hold an energy pattern. By drinking the imprinted water, the energy enters the body and speeds up the healing process. The patient stated, “I watched my lips go back to normal right before my eyes. I could not believe what I was seeing.” The patient stated that she drank the water on Saturday, December 21, 2019 and by the next day Sunday, December 22, 2019 her mouth had been restored to normal.

CANCER is not a Disease!

**It is a breakdown of the immune
system and an
oxygen deficiency problem.**

The Real Cause of Cancer

Otto Heinrich Warburg
1883-1970

Generally regarded as
the greatest biochemist
of the 20th century

“Cancer has only one
prime cause. It is the
replacement of normal
oxygen respiration of the
body’s cells by an anaerobic
cell respiration.”

Dr. Otto Warburg Nobel Prize-Winner for Physiology 1931 and 1944

9 Real Causes of Cancer

1. Hypoxia or low oxygen: Adulterated omega 6 oils: corrupt the cell membrane and prevent oxygen and nutrients from getting in and waste products from getting out.
2. Fibrosis of cells, tissues, and organs: prevents normal function due to decreased permeability.
3. Zenobiotics: chemical toxins such as dioxins, PCBs, herbicides, heavy metals, pathogens, drugs, etc.
4. Poor quality of food, water, and air.
5. Emotional distress.
6. Electromagnetic Frequencies (EMFs).
7. Vaccinations and their adjuvants.
8. Toxic dentistry (root canal teeth, mercury fillings, fluoride).
9. Nutritional deficiencies.

12 Steps to Reversing Cancer

1. Define the “splinters” in the pathology slide. Without a diagnosis you have **NO** Treatment.
2. Must test the dental complex and each organ to define what “splinters” maybe trapped.
3. Must test the appropriate nutrients to resolve the “splinters.”
4. Must test the energetic compatibility of each supplement with the patient and if all supplements are compatible with each other.

12 Steps to Reversing Cancer

5. Must initiate a specific sequence to detox the body.
6. Must detox the liver first: because the blood of the entire body flows through the liver every three minutes.
7. Must open the avenues of excretion: there are 9 homeopathic remedies that are tested:

The first four drainage remedies are from Energetix

- a. **Lymph Tone I:** for acute symptoms; symptoms such as mucous discharge; irritated, watery eyes; sore throat; cough; high-grade fever; excessive perspiration; skin eruptions; redness and swelling; sleeplessness; frequent urination; nausea; and diarrhea.
- b. **Lymph Tone II:** is formulated to address long-standing symptoms; Migrating pains, skin eruptions, fatigue, swollen glands.

12 Steps to Reversing Cancer

- c. **Lymph Tone III**: is formulated to address compensatory symptoms; muscle and joint pain, low vitality, disrupted sleep, disturbed digestion.
- d. **Drainage Tone**: for a broad range of symptoms related to congestion of the body's drainage pathways. Allows waste products, both endogenous and exogenous, to be excreted.

The next five drainage remedies are from Desbio

- e. **Lymph Drainage**: provides temporary relief from symptoms related to lymphatic drainage issues.
- f. **Kidney Drainage**: assist the kidneys to maintain water and electrolyte balance; clear waste products from the body and promote red blood cell production.

12 Steps to Reversing Cancer

- f. **Liver Drainage:** support for optimal liver health and function and temporarily relieves low energy and detoxification.
- g. **GI Drainage:** assist the intestines to eliminate toxins.
- h. **Systemic Drainage:** assist the body as a whole to eliminate toxins.

12 Steps to Reversing Cancer

8. Must eliminate the heavy metals; cannot eliminate infections if heavy metals are present.
9. Detox herbicides, pesticides, and insecticides.
10. Get ride of the chemicals (DDT, dioxin, PCBs, etc.).
11. Reduce the infections (EBV, CMV, Strep, retroviruses, etc.
12. Eliminate any trapped vaccines.

11 Key Factors to Fight Cancer

- Curcumin: shortens telomeres of cancer cells; helps liver detox; anti-inflammatory.
- Vitamin D₃: supports the immune system.
- Ivermectin: eliminates all parasites.
- Good probiotic: Kaqun Drops, Bravo, Prescript-Assist.
- Zymessence: best systemic enzyme on the planet.
- PEO Parent Essential Oils formulated by Dr. Peskin.
- The Gift by Mother Earth Labs: 74 micro and macro minerals.
- Vanish: proprietary formula that activates the macrophage system.
- Tesla Energy Card: boosts the immune system; has the frequencies of O₄ water.
- Theraphi: scalar energy
- Rife Generator: kills pathogens especially cancer cells.

YOUR TAKE AWAY MESSAGE IS:

You Can Kill the CANCER
but if you do not correct the
terrain **the cancer will come**
back!

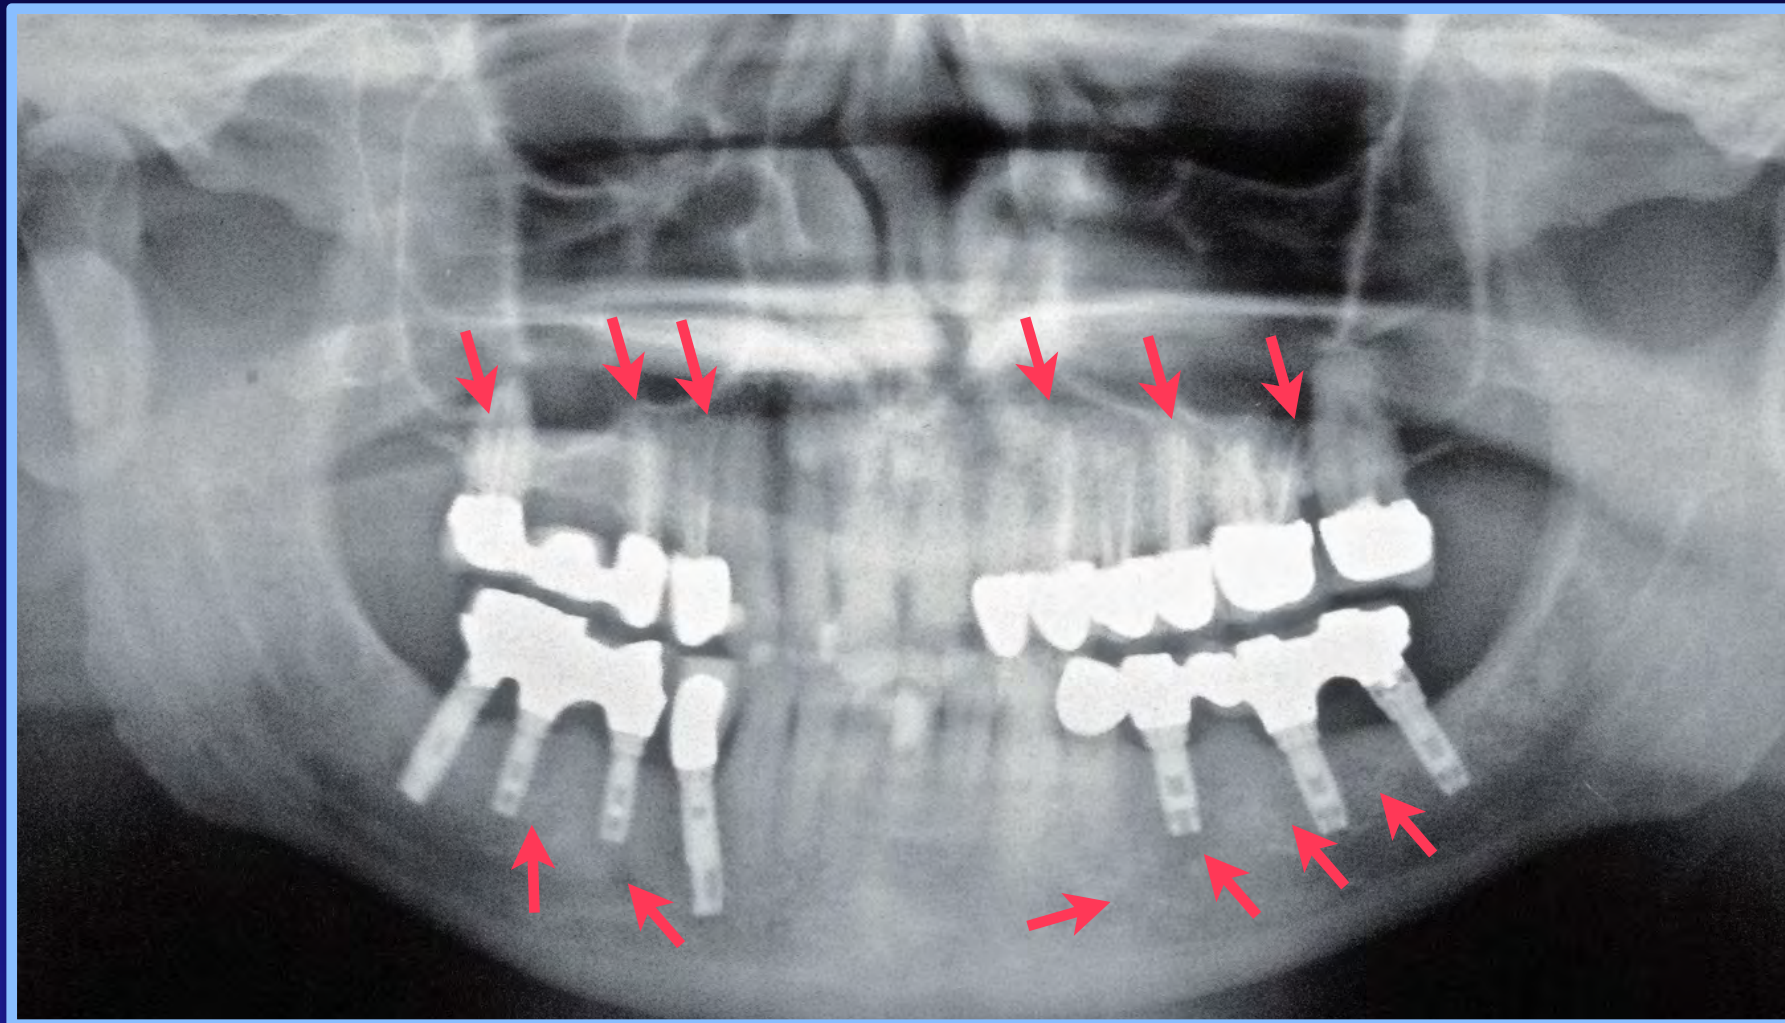

Disease can only occur in an unhealthy body.

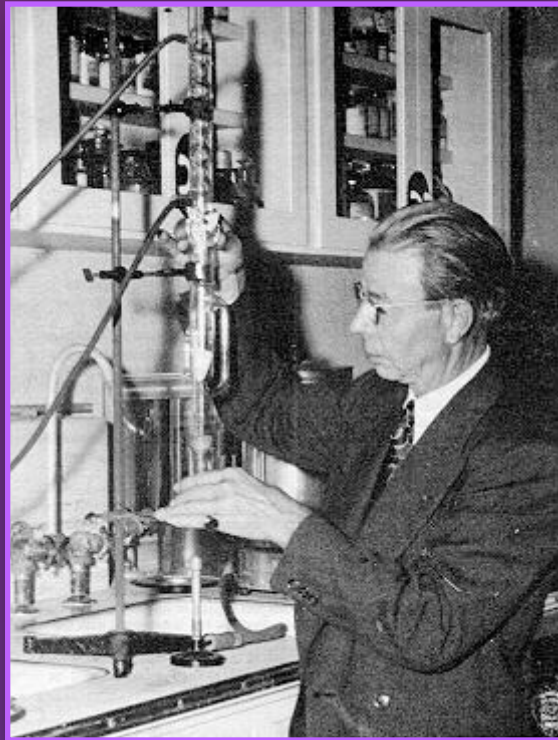

Weeds can only grow in poor soil

Dental Cancer Connection

There are radiolucencies present in the areas of the implants and root canal teeth. The same pathogens that were diagnosed in the RC teeth and implants were also present in the tumor.

With the frequency instrument treatment, no tissue is destroyed and no pain is felt. The virus or bacteria is destroyed and the body then recovers itself naturally from the toxic effect of the virus or bacteria.

Nutritional Pearles

NUTRITIONAL TX

**Fish oils can be very dangerous
in cancer patients!**

The growth and metastasis of a variety of tumors are inhibited by **saturated fatty acids**, and increased by **fish oil**--as much as 10 times in number of metastases, 1000 times in size (Griffini, et al., 1998).

Zeitschr. Krebsforsch. 28(1), 1-14, 1927 "**Lipoids and carcinoma growth**".
Bernstein, S. and Elias, H.

“PARENT ESSENTIAL OILS” (PEOs)

The only two true essential fatty acids: Parent omega-6 (linoleic acid, or LA) and Parent omega-3 (alpha-linolenic acid, or ALA). The term “Parent” is used because these are the whole, unadulterated, fully functional forms of the **only two essential fats your body demands**, as they occur in nature.

LDL-C (CHOLESTEROL) IS THE TRANSPORTER OF PEOs

Lowering the low density lipids is best accomplished by consuming sufficient organic, unadulterated PEOs each and every day.

CELLULAR OXYGENATION

THE ULTIMATE IN ANTI-AGING SCIENCE

EFAAs work like tiny ‘magnets’ drawing oxygen into all cells, tissues and vital organs, but **reduce oxygen by one third and a cell turns cancerous!**

Research demonstrates that fish oil supplements consistently fail to prevent cardiovascular disease (CVD), cancer, and significantly worsen diabetic patients’ condition by raising blood sugars and lessening the critical insulin response.

DISSOLVE FIBRIN

Zymessence is the best systemic enzyme formula on the market

- a. Anti-inflammatory
- b. Dissolves fibrin (brain, blood vessels, organs and joints)
- c. Anti-viral, anti-bacterial, anti-fungal, anti-mold
- d. Remove any foreign protein from the blood
- e. Dissolves the biofilm secreted by cancer cells and will breakdown the cancer cells.

CELL MEMBRANES

The cell membrane is half fat. A portion of the fat making up the membrane is saturated; it doesn't easily react with, or absorb, the oxygen and other biologic substances that come into contact with it. The other portion of the fat in the membrane is "unsaturated." It on the other hand, DOES easily absorb oxygen.

State-of-the-art 21st century analysis with positron emission testing (PET) proves this fact. Twenty-five to thirty-three percent (25-33%) of every cell membrane's lipids are supposed to be PEOs!

WHY SO MANY HEALTH PROBLEMS TODAY?

Most cooking oils are based on adulterated Parent omega-6 (LA) for longer shelf life. These adulterated oils are no longer oxygen-absorbing or fully functional. The result is one hundred trillion (100,000,000,000) defective cell membranes which is the cause for cardiovascular disease, cancer, diabetes, and maladies.

Why is the medical profession afraid of a natural cure for cancer?

Because they do NOT want to loose the golden goose.
