

Dr. Smith Live - 44th edition

With special guest Dr. Stanley Ngui (23rd generation Gigong Master)

Make Natural Medicine Great Again

Topics:

- *Why ancient healing practices are far superior to drugs*
- *Why natural healing remedies are a safer way to heal the body*
- *Why frequencies are the universal common denominator in healing*
- *Why frequencies represent the next frontier in healing*

“Future medicine will be the medicine of frequencies.”

Albert Einstein

You are invited to join us for an enlightening discussion that may save your life!

When: Thursday, September 23, 2021

Where:

Time: 8:00 pm to 9:00 pm

Topic: Make Natural Medicine Great Again

The Plandemic fiasco is showing the world the greatest single medical failure ever perpetrated on civilization by the medical establishment.

- **No country has isolated the virus**
- **PCR Test is NOT valid**
- **No test available to diagnose the Delta variant**
- **Since the “vaccines” were introduced the death rate over the last ten years for the flu season has increase 2.5 times**
- **The death statistics have been falsified to heighten the fear amongst the population.**
- **There is NO science substantiating wearing of masks, 6 foot social distancing, and plexiglass barriers between tables in restaurants**
- **Plethera of disinformation regarding the more effective economical treatments**

Remdesivir (Veklury) is currently the only medication approved by the FDA to treat coronavirus disease 2019 (COVID-19). The approval was based on findings that hospitalized patients who got remdesivir (Veklury) recovered faster. False information. Documented to cause kidney failure!

Renal tubular damage had been observed experimentally, pertaining to the drug itself, its metabolites, and/or its excipients. The clinical relevance of these preclinical findings is still being questioned. Assessment of drug-induced nephrotoxicity is particularly challenging as COVID-19 also bears frequent renal complications.

Clinical Pharmacology & Therapeutics

Editor-in-Chief: Piet H. van der Graaf, PhD, PharmD

Online ISSN:1532-6535

At best, one large, well-designed study found remdesivir modestly reduced the time to recover from COVID-19 in hospitalized patients with severe illness. A few smaller studies found no impact of treatment on the disease whatsoever. On the 15th of October a decidedly unfavorable news for Gilead—the fourth and largest controlled study delivered what some believed was a coup de grâce: The World Health Organization's (WHO's) Solidarity trial showed that remdesivir does not reduce mortality or the time COVID-19 patients take to recover.

A second, smaller placebo-controlled study of remdesivir on hospitalized COVID-19 patients in China, published online by The Lancet also on 29 April, found no statistically significant benefit from the treatment—and the antiviral surprisingly had no impact on levels of the coronavirus.

Traditional mainstream media hype.

Over 200,000 people have died from COVID-19 in the U.S., and that number continues to grow. Our healthcare system is becoming increasingly strained and we are in desperate need of a safe and effective treatment for COVID-19. Scientists around the world are racing against time to find a cure for COVID-19.

Hospitals and research labs all over the world are testing many different therapies on coronavirus-positive patients in an effort to find a potential COVID-19 treatment.

Two drugs, Hydroxychloroquine and Ivermectin, presently available have incredible safety records but are being suppressed. Now that the public has become aware of the efficacy of these two drugs its availability has become severely limited because of the increased demand.

Hegelian Dialectic, Problem, Reaction, Solution, it is the tool that the globalists are utilizing to manipulate the minds of the average American and the world to accept change, where ordinarily they would refuse it.

Problem, Reaction, Solution

Problem: Man made Plandemic

Reaction: Fear amongst the world's population

Solution: Vaccinate the world population

This is the false narrative being played out by the globalist elite via the mainstream media.

Problem, Reaction, Solution

Problem: Have two drugs that work effectively against COVID-19 but not readily available

Reaction: Fear amongst the population

Solution: Clone the frequencies of these two medications and make them available via the internet.

The International Center For Nutritional Research has devised a means to capture the essence or frequency of any substance (vitamin, herb, homeopathic, and even drugs) and make them available via the Internet. Go to **ICNR.com** and click Frequency Shop in the top menu.

Scalar Energy, Frequencies, and Healing

What do vitamins, minerals, food, homeopathics, and water have in common?

The answer is they are all matrices that carry a frequency.

What's the significance?

Eating organic food, taking organic food-based vitamins and minerals, taking homeopathic remedies, and drinking good quality filtered water all function to transport frequencies into your body.

In reality, these matrices are the “middleman” in the healing process. What if we can eliminate the “middleman” and deliver the healing frequencies directly into your body.

This is exactly what Tesla Energy has accomplished. Through innovative technology, Tesla Energy has discovered a way of capturing the essence of vitamins, minerals, homeopathics and other electronic healing devices and making them economically available for everyone to use. Tesla Energy is initially providing thirteen healing frequencies in the Silver Plan.

People will have access to the following 13 healing frequencies:

1. Scalar Energy plus 18 healing frequencies
2. Vanish remedy (special immune booster for colds, flu, and the big”C’)
3. Pain-Away remedy
4. Detoxifier remedy (designed for all vaccines)
5. Depression
6. Ozone
7. Anti-aging program
8. Allergy remedy

9. Silica 30 C potency (essential for all chronic health issues; designed to restore cell function)
- 10 IverMectin (cloned frequency of Ivermectin)
11. Hydroxychloroquine ((cloned frequency of Hydroxychloroquine)
12. Infrared (special healing frequency 632.8 nanometers)
13. "Clear Program" (designed to remove any existing frequency distortions or
imprinted ambient frequencies in an item). It is recommend that all
items to
be imprinted should be cleared prior to imprinting.
