**Dr. Stanley Ngui**

## Ngui Matrix System: Why is this system the missing link in healing?

Chief Integrative Medicine Doctor, 23rd generation Grandmaster-level in Chinese Medicine, Qigong and Gongfu. Lectures and teaches classes internationally, and also co-authored books with other doctors. He has appeared in numerous radio and TV shows, and has on-line presence. He is knighted in The Order of The Orthodox Knights of John and is a member of North America Martial Arts of Fame. He is also Senior Advisor and professor at large, at the World Organization For Natural Medicine.

## How does Energy Medicine fit into conventional medicine?

Chairman of the Department of Emergency Care at Crozer Chester Medical Center and Methodist Hospital. Assistant Professor of Medicine Hahnemann 1969 to 1974. Charter member of the American Academy of Emergency Physicians. Citation from the Pennsylvania House of Representative for a Delaware County Project "People Helping People." Holds 2 U.S. Patents on Wrist Traction. Private practice with specialties in Pain Management, Acupuncture and Holistic Medicine. Board Certified in Family Practice, Pain Management and Acupuncture.

**Dr. Ron Repice**

## Why use frequency modalities over drug therapy?

**Dr. Gerald H. Smith**

Doctor Smith is a recognized international authority on craniomandibular somatic disorders with a focus on resolving chronic pain. He is licensed to practice integrative medicine and is a board member of the World organization of Natural Medicine. He is the author of a landmark textbook, Cranial-Dental-Sacral Complex and the first researcher in the world to radiographically document cranial bone movement. He is the author of *Reversing Cancer: A journey from Cancer to cure*, *Cancer Deconstructed*, and *Remove the "Splinters" and Watch the Body Heal*. He was an invited speaker at Walter Reed Army Medical Hospital and Yonsi Memorial Hospital in Seoul Korea. His 55 years of clinical research and practice has uncovered several of the major missing links for the causes of chronic pain, post-concussion syndrome, cancer, and many illnesses that have eluded conventional medicine.
